ST JAMES'S HOTEL AND CLUB

Tucked away in a road behind the touristy bustle of the Ritz, nestles the recently refurbished St James's, a beautiful red-bricked boutique hotel boasting some of the most expertly crafted rooms in town. While its positioning suggests an unassuming nature, once inside, you'll see that no expense has been spared to look after its guests. Each room boasts a bed big enough for an entire family, plus a shower that – at the push of a button – doubles up as a steam room. Unfortunately for the rest of Mayfair, you'll never want to leave.
